

RIVER STREET METAL FINISHING, INC.

~ Quality Policy ~

River Street Metal Finishing, Inc. will provide consistent precision finishing on every aluminum part processed in accordance with customer specified product and scheduling requirements. This will be achieved with a commitment to our Quality Management System and its continual improvement.

~ Quality Objectives ~

- ◆ To provide **consistent quality finishing** as measured by total shipments vs. customer complaints and rejects found at inspection.
- ◆ To provide **on-time delivery** as measured by on-time vs. late shipments.
- ◆ To strive for **continual improvement** in all areas of production as accomplished through Management overview and Employee Involvement.
